

In partnership with Stanford Center for Assessment, Learning and Equity (SCALE), the edTPA Support Team at Evaluation Systems will be hosting a series on completing edTPA in a virtual learning environment.

Please see information below regarding webinar descriptions, dates and times the webinars will be offered, and information for how to join.

Completing edTPA in Virtual Learning Environments webinars

Please note all webinars are listed as Eastern Time and Pacific Time

In this 90-minute webinar (offered multiple times throughout the fall semester), facilitators will review the guidance provided for completing edTPA in a virtual learning environment (VLE), which has been updated/released {DATE}. The guidance outlines flexibility in the technical formats allowed and explains how the candidate can submit equivalent forms of evidence to meet the edTPA handbook instructions and requirements. In addition, facilitators will review the subject-specific considerations for preparing edTPA in a virtual learning environment and identify lessons learned from Spring/Summer 2020 submissions that were completed in a VLE.

The dates, times, and registration information are listed below.

Upon registering for the webinar series, participants will receive a confirmation email containing a link to join the webinar. NOTE: Be sure to save the link.

Date/Time	How to Join
Thursday, August 13 11:00 AM PT 2:00 PM ET	Register HERE in advance for this webinar. After registering, you will receive a confirmation email containing a link to join the webinar. Be sure to save that link as it is the link you will use to join each session.
Thursday, August 27 1:30 PM PT 4:30 PM ET	Register HERE in advance for this webinar.
